

Cold Weather Rule – Notice of Customer Rights and Responsibilities

Read this page carefully to be sure you understand your rights and responsibilities under the Cold Weather Rule. If you have questions or would like more information, contact Agrinatural Gas at 507-524-4103 or 800-367-6964. **If you receive a disconnection notice, you must act immediately.**

About the Minnesota Cold Weather Rule

The State of Minnesota set up the Cold Weather Rule to help customers who cannot pay their gas bill in full. It does not completely stop winter disconnections but provides customers extra protection from October 1 through April 30. The rule defines:

- What you can do if you receive a Notice of Proposed Disconnect
- What you can do if you have been disconnected and want reconnection of gas service

If you receive a Notice of Proposed Disconnect, Agrinatural Gas also will send you the following materials to help you manage your gas bill:

1. Information about your rights and responsibilities
2. Information about how to reduce energy use
3. A list of agencies that help pay fuel bills and a list of weatherization providers.

What to do if you receive a Notice of Proposed Disconnect or if your service has been disconnected

In order to avoid disconnection or to have service reconnected, you must either pay your bill in full or call Agrinatural Gas and enter into a Payment Plan. You must keep the Payment Plan during the Cold Weather Rule months in order to continue to receive protection from disconnection.

Payment Plan. You have the right to make a Payment Plan during the Cold Weather Rule months. To set up a Payment Plan, call Agrinatural Gas at **507-524-4103 or 800-367-6964**— no written application is required. If you and Agrinatural Gas agree on a Payment Plan, and you continue to make your payments, your natural gas service will not be shut off.

The Payment Plan will consider your financial circumstances, and any extenuating circumstances, and must be acceptable to you and Agrinatural Gas. It will cover what you owe plus the amount you will be billed during the period of the Payment Plan. Most payment plans under the Cold Weather Rule last until April 30 unless you agree on a different period. If you and Agrinatural Gas are unable to agree on a Payment Plan, you have a right to appeal.

Agrinatural Gas also can refer you to agencies that may be able to help you pay your fuel bills.

If you receive Energy Assistance, you are automatically eligible for protection under the Cold Weather Rule.

This will qualify you for special payment terms. Under these terms, Agrinatural Gas will not require that you pay more than 10 percent of your monthly household income for your natural gas bill. If you meet income guidelines set by the state government, but do not receive Energy Assistance, these special payment terms are also available to you when you provide proof of income.

If you find you are not able to make the payments as agreed upon, call Agrinatural Gas to request a change. If you and Agrinatural Gas are unable to agree on a Payment Plan, you have a right to appeal.

How do I apply for Cold Weather Rule protections and what happens after I apply? Contact Agrinatural Gas to set up a Cold Weather Rule payment plan. If you make and keep a Cold Weather Rule payment plan, you are protected from disconnection or will be reconnected if already disconnected.

Right to appeal

If you and Agrinatural Gas cannot agree on the amount of your Payment Plan, a requested change to your Payment Plan, or your income level, you have the right to appeal. Agrinatural Gas will send you a notice of your right to appeal. This will include a form that must be sent to the Minnesota Public Utilities Commission (MPUC) within 10 working days after it is mailed to you.

The MPUC will review your appeal. During this time Agrinatural Gas will not shut off your service or will reconnect your service if you have already been disconnected. The MPUC has 20 working days to make a decision about your Payment Plan after receiving the appeal form.

FINANCIAL ASSISTANCE, CONSERVATION & WEATHERIZATION PROVIDERS

ENERGY SAVINGS TIPS

- Caulk and weather strip cracks around doors and window frames. Block openings at bottom of doors to prevent drafts.
- Lower the setting on your thermostat at night and dress warmly.
- Lower the setting on your water heater to 120 degrees F (normal/medium).
- Open shades during winter days to let the warm sunlight in and close the shades at night.
- Wash clothes with warm water and rinse them in cold water.
- Close all windows tightly and use locks to prevent cold air leaking in. Cover all windows with plastic.
- Broken window should be repaired immediately and close all storm windows.
- Window air conditioning units should be covered or removed during the heating season.
- Furnace filters should be kept clean.
- Furnaces should be checked for safe and efficient operation at least once a year.
- Close off unused rooms.

THIRD PARTY NOTIFICATION

Agrinatural Gas offers all customers the opportunity to have a third party notified if their gas service is to be shut off. A third party could be a friend, relative, church or community agency. This program helps those who live alone, senior citizens, those who are disabled and customers who do not read English.

How it works. The third party receives copies of all disconnection notices mailed to the customer but is NOT required to pay the bills. By volunteering, the third party is able to receive and give information about personal circumstances and make a payment plan with Agrinatural Gas for the customer. This helps avoid the hardship that would result from service disconnection.

How to request third party notification. If you want to name a third party, please complete, print and mail the Third Party Notice form to Agrinatural Gas. If you know someone who could use third party help, please give them this form.

REQUEST FOR THIRD PARTY NOTIFICATION

Account Number _____

Customer Name _____ THIRD PARTY NAME _____

Address _____ Address _____

City _____ State _____ Zip _____ City _____ State _____ Zip _____

Phone _____ Phone _____

Third Party Signature _____

Agrinatural Gas has my permission to provide information to and accept information from the third party.

Customer Signature _____ Date _____

Agrinatural Gas will make every effort to send a copy of the Disconnection Notice to the third party specified.
